

## Brookfield Day Nursery November 2021

We thank all parents working with us during the restrictions we have put into place to avoid the spread of Covid. We apologise that parents have to wait a while during drop off and pick up time. We will continue to follow this procedure at the moment until the infection rate starts to drop.

### Harvest collection.....

A BIG thank you to all the families that supported our harvest this year. On Thursday the collection of food was taken to the 'open house' in Crawley. They were extremely grateful and thanked us for the support we had given to this very invaluable service.

### Facebook page.....

<https://www.facebook.com/BrookfieldDayNurseryAndHolidayClub/>

We regularly add posts to the nurseries facebook page. Please can all parents that use facebook share the activities with their friends and families.

### Operation Christmas child.....

During the week commencing 15-22 November we are encouraging all children to fill a shoe box with toys,

hygiene items and school supplies from home. Please no sweets or toothpaste. These boxes will then be distributed around the world to children that may not otherwise receive a gift for Christmas. If your child would like to take part then please bring the filled boxes in between the 15-22 November. Please state on the box the age the toys are suitable for and the age appropriate for. Thanking you in advance for your support.

Parents evening .....

22<sup>nd</sup> 23<sup>rd</sup> and 24<sup>th</sup> November from 5.30-7.00p.m.

We will be inviting parents to book a 10.00 minute slot to speak to their child's keyworker and see all the wonderful displays the children and staff have been making. Parents will be asked to wait outside whilst other parents are speaking the keyworker.

News from Little Acorns.....

We would like to say goodbye to Oliver and Catherine, they have moved into Rabbit Run. We say goodbye to Kilian who has left the nursery and moved abroad.

We welcome Maddie and are looking forward to welcoming Arreeva, Aubrey and Evie in the coming months.

With the weather turning colder please can parents add appropriate clothing for inside and outside play. A splash all in one suit is a good idea to have. We must remind parents to just pack in their child's bag what they need for nursery, any medication must be given to a member of staff. Children are able to access their bags within the room. We need to make sure the children are kept safe. Thank you.

We have a family board with photographs that are important to the child to show. We you haven't already please bring in family photos for the board. Thank you.

Thank you to all parents that have contributed to tapestry with photos and comments about their child. It is very much appreciated and can help with your child's development.

#### News from Rabbit Run.....

We would like to say goodbye to Sofia, Thomas and Misha who have moved into Foxes Den. We look forward to seeing you all grow further in your development.

#### Holiday Club.....

The Holiday Club will open from the 20<sup>th</sup> - 24<sup>th</sup> December. On the 24<sup>th</sup> December the nursery and Holiday Club closes at 2.00pm.
